PROFILE

Senior Full Stack Engineer and Team Lead with four years of experience designing and delivering enterprise-grade web platforms, AI-powered systems, and microservice infrastructures. Proficient across the full stack from React.js and Vue.js frontends to Node.js, Nest.js, and FastAPI backends with hands-on expertise in AWS and Azure cloud ecosystems. Recognized for translating complex business requirements into clean, scalable, production-ready solutions that move fast, scale well, and stand the test of time.

EDUCATION

Bachelor of Computer Science — FAST NUCES Lahore
CGPA: 3.54

Mar 2019 – Apr 2023

EXPERIENCE

Team Lead | Senior Software Engineer

Oct 2025 – Present

Sprint League · Contract · Remote

Abu Dhabi, UAE

- Led development of enterprise AI platforms (hcms.ai) for the UAE government, enabling workforce intelligence, skill gap analysis, and AI-driven recruitment at scale.
- Architected scalable frontend and backend systems using React.js, Vue.js, Node.js, and Nest.js, delivering high-performance applications with seamless user experiences.
- Drove AWS-to-Azure migration; implemented CI/CD pipelines and leveraged Azure services (Functions, Blob Storage, App Service, Queue) to build secure, event-driven architectures.
- Collaborated with government stakeholders to translate strategic objectives into scalable technical solutions, ensuring security compliance and system stability across all applications.

Senior Software Engineer

Jul 2023 – Oct 2025

Strategic Systems International · Contract · Hybrid

Lahore, Pakistan

- Collaborated with stakeholders to translate business requirements into scalable, OOP-based solutions across a React Native mobile app and React-based admin portal.
- Designed and implemented Node.js backend architecture using SOLID design patterns, Drizzle ORM, PostgreSQL, and Redis for high-performance microservices.
- Leveraged AWS (EC2, RDS, S3, SQS, CodeDeploy, CodeArtifact, CloudFormation) to build scalable infrastructure and automate deployments via Azure DevOps (TFS) pipelines.
- Designed and implemented robust microservices using Docker; integrated Adayan payment gateway and enforced quality via Vitest, Postman API testing, and GitFlow on CodeCommit.
- Contributed to technical documentation, architectural diagrams, and proof-of-concept solutions for emerging technologies including AWS Bedrock Sonnet 4 (Generative AI).

Software Engineer Intern

Jun 2022 – Aug 2022

United Softlabs (Pvt.) Ltd

Lahore, Pakistan

- Built frontend and backend APIs for multiple projects using Node.js, React.js, and MySQL; contributed to deep learning model training and deployment for an e-commerce application.

SKILLS

Languages:	JavaScript, TypeScript, Python, FastAPI, Django, C/C++, Java, .NET
Frameworks:	Node.js, Nest.js, React.js, Next.js, Redux, React Native, Vue.js, Express.js
Databases:	PostgreSQL, MySQL, Redis, MongoDB, DynamoDB, SQL
Cloud & DevOps:	AWS (EC2, RDS, S3, SQS, Cognito, CodeDeploy, CloudFormation), Azure (App Service, Blob Storage, Functions, Azure RDS), Docker, Jenkins, CI/CD
Version Control:	Git, GitFlow, Azure DevOps, AWS CodeCommit, GitHub Actions
Other:	OOP, SOLID, RESTful APIs, Microservices, Agile/Jira, Unit Testing

PROJECTS

HCMS.ai — AI-Powered Human Capital Management Platform: Enterprise-grade HCMS built for the UAE government; features AI-driven recruitment, workforce intelligence, skill gap analysis, and employee lifecycle management. Technologies: React.js, Nest.js, Node.js, PostgreSQL, Azure (App Service, Functions, Blob), CI/CD.

Hummingbird SaaS Platform: Contributed to a multi-tenant SaaS platform for self-storage operations with ARR exceeding \$10M. Technologies: Node.js, Vue.js, MySQL, AWS, Docker.

Abstractive Text Summarization: Web app integrating transformer-based NLP models (PyTorch, BERT) for English text summarization. Technologies: Django REST, React.js, Python.

CERTIFICATIONS

- Advanced Node.js, React.js, Vue.js | Pluralsight
- API Testing with Postman, Agile Methodology | 10Pearls University
- Advanced Java, MySQL, MongoDB | Udemy

Jan – Apr 2025

Aug – Sep 2024

Feb – Apr 2023

ACHIEVEMENTS

- Dean's List recipient six times and multiple-time Academic Excellence Award winner at FAST NUCES.
